

JASON CASSIDY

MEDIA REVIEWS & NOTABLE QUOTES

Billboard Country Update / Tom Roland/Editor

"Clear dedication to tradition... Filling a gap in the genre's sonic landscape, where new core-country stylists such as Chris Young and Craig Campbell have been a rarity."

KILT-FM 100.3 / Houston, TX / January 2012

"...Jason Cassidy has the X-factor that everyone looks for. Jason's new album, *MY REDEMPTION*, is incredible. You always remember the particular album that solidified an artist, and this is the one for Jason."

KBEQ 104.3 / Kansas City, MO/ Mike Kennedy/ "What If"

"A song we should playing in gold years from now. Jason's the kind of singer who makes country, country. And he makes country cool."

Music Row DISCLAIMER 11/16/11 Robert K. Oermann / "What If"

"I have liked this fine country vocalist in the past, and this single is another in a string of solid efforts by him. The ballad is extremely well constructed, and his resonant singing has ache and longing in all the right places. A winner."

Roughstock / Matthew Bjorke / "What If"

"...Cassidy is a fine vocalist... Do yourself a favor and take a listen to this song and look for Cassidy's whole *My Redemption* record."

Albuquerque Journal / Nathalie Barett/ ***1/2/ *MY REDEMPTION*

"...Cassidy eases into each pure-country-meets-honky-tonk song, keeping pace with the tempo... Instrumentally, lyrically and vocally spot-on, *My Redemption* is full of promise and destined to be a hit."

Dallas Morning News / Mario Tarradell / *MY REDEMPTION*

"He's pure country. ...His boots are firmly planted in the Hallmarks of the game."

Music Row DISCLAIMER 6/22/11 Robert K. Oermann/ "Honky Tonk Heaven"

"Darkly bluesy, with superlative, grassy vocal harmonies. Talk about a bolt out of the blue, I have no idea who sent this to me but, for a total unknown, it is a jaw-dropping performance."
